

Do you have sleep apnea or stopped using CPAP?

Talk to your VA doctor about...

Effective Sleep Apnea Therapy Without the Machine

Bongo Rx is an **FDA-cleared**, prescription device for treating mild to moderate Obstructive Sleep Apnea (OSA). Bongo Rx uses your own exhalation to generate EPAP (Expiratory Positive Airway Pressure) to keep the airway open.

- **No machine**, hose, or power required
- Simple to use; no assembly/disassembly
- Reusable and easy to clean
- Small enough to fit in a shirt pocket
- Use at home and while traveling
- Soft nasal seals also create nasal dilation
- Starter Kit has all sizes for easy, at-home setup
- Proudly Designed and **Made in the USA**

10,000+ Veterans from **100+** VA facilities have used Bongo Rx since 2021. Recently, 110+ Veterans were surveyed after 60 days using Bongo Rx and they reported:

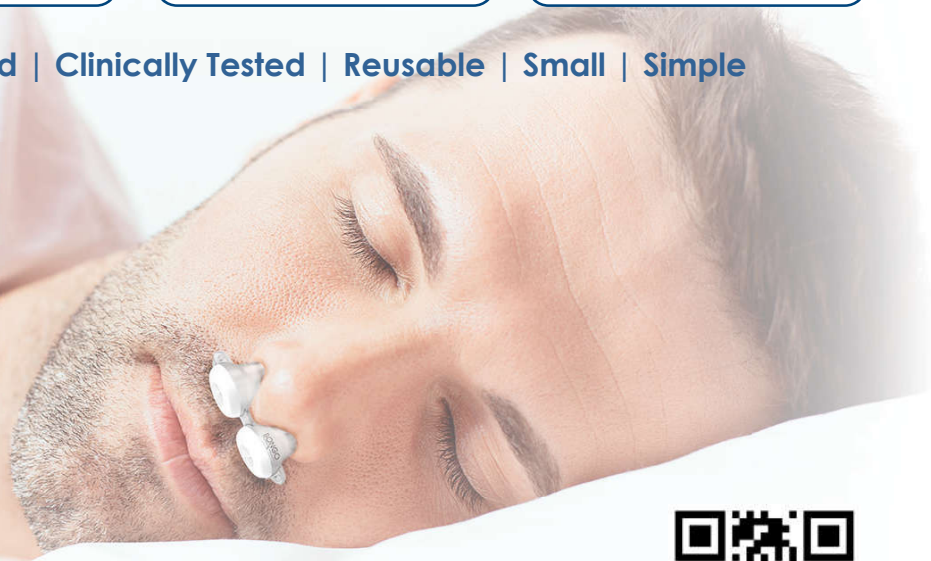

87% using Bongo Rx
4 to 7 days/week

86% using between
4 to 8 hours/day

96% reported Bongo
comfortable or
no discomfort

93% reported Bongo
is easy to use
and clean

CPAP Alternative | FDA-cleared | Clinically Tested | Reusable | Small | Simple
